

SONiVOX Spector Slap Bass VSTi DVi

DOWNLOAD: <https://bytly.com/2ikso9>

The Spector Slap Bass is an ideal bass drum sound for live applications. The Spector Slap Bass includes the SONiVOX 613dB of the Spector Bass Amp loaded into the 7.1-channel format of the Spector Logic 3 with a wonderful combination of high gain (41dB) and high headroom. The Spector Slap Bass has been widely praised in film, television, recording studios, and live sound.

It has served as the inspiration for many other products from the company and has been a best seller for over a decade. This performance will whet your appetite for more.
